## CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief  
From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hacking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

The Collar Bone.  
It has been noticed that the collar bone is more frequently broken than any other bone in the body.

## OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburser Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

## Chadron Normal

At chapel time Wednesday some students of Miss Cowan's expression class presented J. M. Barrie's clever one-act play, "The Twelve Pound Look." Those in the cast were Helen Bligh, Greydon Nichols, Josephine Marcey and Raymond Bartlett. For interpretation the play requires skill in facial expression and tone and induction of voice, and the different members of the cast interpreted their parts very well. It was a very pleasing entertainment for the students and visitors.

State railroad Y. M. C. A. secretary Mr. Musselman, and Mr. Stamper, a railroad secretary from Horace, Kansas, addressed the students at chapel time last Friday. Miss Mary Wilson played McDowell's "Improvisation" and "Shadow Dance."

Two W. S. S. thrift clubs were organized at the normal Friday, one among the students and the other among the faculty. Prof. Wilson organized one last Friday evening among the members of his neighborhood.

The senior class purchased two more war savings stamps last week. This makes a total of ninety dollars worth of stamps the class has purchased instead of buying a gift. After the war the money will be invested in a gift for the school.

Last Friday night several members of the faculty and students of the normal gave an entertainment at Fort Robinson for the soldiers. The program was very much appreciated by the soldiers, and the entertainers were invited to come again. The entertainment was given under the auspices of the Chadron chapter of the D. A. R.

At the regular meeting of the Y. W. C. A. last week Prof. Yardley sang a solo and Miss Alberta Munxer gave a very good talk, using as her theme Tolstoi's beautiful story "Where Love Is, There God Is Also."

At the sale last Tuesday the Y. W. C. A. made \$14.35 on normal pins and pennant sales. The normal pins were very popular for the supply the Y. W. C. A. had on hand was exhausted and orders were taken for twenty-five more.

The beginning manual training class has an enrollment of 28. For the summer each student is expected to make one piece of furniture. Four weeks are required for the students to become familiar with tools and machinery, so that only four weeks are left to complete the special project. In order that each piece of furniture may be completed, the factory system of piece work has been adopted. By this plan each student performs some special work on each piece of furniture, as planing or sawing. Each student is enabled to do that which she can do most successfully.

Wednesday night of last week Miss Frazier and Mrs. Rustin entertained the Box Butte county club at a lawn social. The evening was spent in playing games and becoming acquainted with new members. Anna Hoffman was elected president and Ruth Nation secretary. There were forty-six present.

Rev. Newland gave an excellent talk at chapel last Wednesday on "The By-Products of Education." He emphasized especially the need of developing the religious life of the students, especially at such a time as we are now passing thru. Ruth Keebaugh gave a very good reading entitled "The Man Who Came Back," from Edna Ferber's "The Battered Down."

## DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## Discovery of Easter Island.

Easter Island was discovered nearly 200 years ago by the Dutch Admiral Poggewen, who cast anchor there on an Easter Sunday, whence it derived its name. He found it more largely populated than it is now. But he and his crew must have seen and marveled at its bold rock sculpture, its terraces and walls, its picture writings. Many of these, indeed, rival the world-famous relics of Mexico and Peru, while they are strangely akin to them in conception and design.

BUY WAR SAVINGS STAMPS

It is Easier  
to Connect You  
Than to Report  
"The Line is Busy"

The busier people are, the busier are their telephones. In these extraordinary times it is only natural that telephone lines should frequently be reported busy.

The telephone operator knows that a number reported busy will be asked for again. Thus, it is easier and quicker for her to complete a call at once than to tell you she cannot do so because the line is busy.

The telephone operator has an unusual responsibility these war-time days and appreciates consideration shown her earnest effort.
